

The big picture

How a vision plan from Cigna Healthcare works for you and your employees

Want to see how Cigna Healthcare® Vision Plans can help you support a healthier workforce while managing costs and eliminating hassle? Take a look.

The largest vision network in the United States¹

The Cigna Healthcare Vision network has increased to 37,000 locations, staffed with a mix of 44,000 independent and retail providers — and it continues to grow. That means convenience and choice for your employees, and zero hassle for you.

Eight convenient online providers (with more on the way)

Only Cigna Healthcare connects your employees to this many online providers. Online providers offer convenience and privacy, and allow members to “try on” glasses virtually using special tools. Members can choose from a wide selection of top-selling name brands, then have their glasses or contacts shipped directly or to a local store. Plus, it’s easy to apply insurance benefits and, if available, special offers.

Multiple plan types to meet your unique needs

Your organization is unique. Our portfolio of vision plans provides flexible options to fit your needs, your budget, and your employees.

Comprehensive

Includes coverage for exams and materials, with enhancements, like retinal screenings, lens upgrades and more.

Exam Only

Provides important eye care coverage, including a retinal screening option, to complement medical plans.

Materials Only

Supplements medical plans by helping employees pay for frames, corrective lenses, and contacts.

Dual Option

Allows your employees to select the amount of coverage that works best for them. Can be funded as Administrative Services Only (ASO) or fully insured, with you paying all or some of the premium, or with your employees paying 100% of the premium. Includes:

- **Low Option:** More economical and provides basic levels of coverage. Option to upgrade to the High Option during next enrollment.
- **High Option:** Allows members to pay more for additional coverage.

Flexible plan design

Vision plans from Cigna Healthcare are more flexible than ever before, with a wider range of options for allowances, copays, and declining balances. Lens upgrades are available, all with easy-to-understand pricing.

Digital tools with myCigna®

Employees can manage their benefits through a convenient app or website. Access ID cards, review plan benefits, set up dependents, find in-network providers, estimate vision care costs and much more.

Easy combination with other Cigna Healthcare products

Now it's easier than ever to bundle vision coverage to your Cigna Healthcare benefits package. With a single point of contact, plan administration and management is hassle-free. Plus, you receive a coordinated set of monthly reports, can combine eligibility data, and access all related program information through one convenient website.

Options to boost affordability

Plus Provider Network

Offers enhanced benefits on exams and materials by visiting any of 6,100 participating Plus Providers in the existing vision network.

Special Offers

Allows members to layer additional discounts onto their existing plan benefits for even more savings. Offers are available for glasses, contacts, and accessories.

Diabetic Care

Provides wellness support for members with diabetes, including two office visits per year and more diagnostic tests at no cost.

Healthy Rewards

Includes savings on LASIK procedures and offers discounts on exams and materials.²

Messaging programs for enhanced employee experience

- **Engagement program** for new registrants on myCigna.com[®] with information about vision benefit tools.³
- **Reminder program** for members who have not scheduled an exam in more than 12 months.
- **Special offer campaigns** featuring information about special savings with our in-network retail providers.
- **Out-of-Network campaign** for employees with a history of using an out-of-network provider, highlighting the savings of staying in-network.⁴
- **Cigna Healthcare Vision Rewards** that provide incentives to employees who complete a vision exam annually.⁴
